

Overview General situation

It belongs to the joint venture under China SILIAN. Chongqing CHUANYI

Moved to Chongqing from Shanghai in 1966.

We are the leading enterprise professionally manufacture the metallic functional materials used in electronics, electrical appliances, instruments and meters.

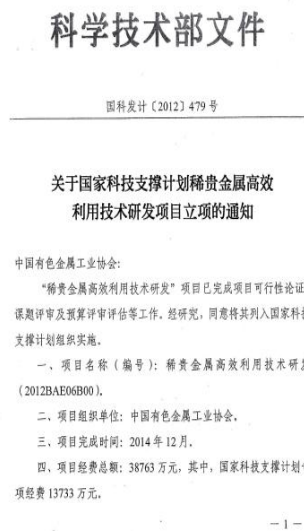

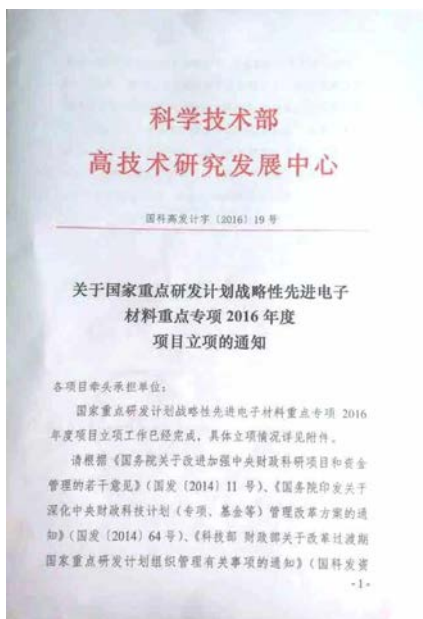

It has 400+ staffs, 3 manufacturing depts., 1 research institute for functional material, 1 environmental electrical contact laboratory , 1 material testing center and the quality dept..

□檢測中心面積1500m² testing center 1500m²

□齊全的完善的理化分析測試能力 analys is capability

□物理、化學性能測試系統和方法 testing system and techniques

□配備線上自勵檢測及類比壽命試驗裝置 on-line detection and work life simulation device

精密合金材料

電熱材料 Heating material

電阻材料 Resistance material

電真空及電極材料 Electric vacuum and electrode material

焊接材料 Welding material

測溫材料及元件 Temperature test material and the components

軟磁材料 Soft magnetic material

彈性材料 Elastic material

耐蝕合金材料 Corrosion resistance

貴金屬複合材料

換向器用含矽土貴金屬複合材料 RE contained clad metal used for commutator

電刷用複合材料 for brush

開關及保護器複合材料 for switch and protector

陶瓷封裝複合材料for ceramic packaging

繼電器複合材料for relay

超薄貴金屬複合材料super thin

熔斷器複合材料For fuse 貴金屬異形絲材料Precious metal profile wire

其他複合材料 Other clad metal

電觸頭材料 contact materials
