

Pressure /Differential Transmitter

PDS493 Intelligent Micro Differential Pressure Transmitter

PDS484 Intelligent Remote Differential Pressure Transmitter

PDS476 remote absolute pressure transmitter

Time Plate Technology Co., Ltd
In Taiwan

Pressure /Differential Transmitter

PDS464 Intelligent Liquid Level Transmitter

PDS423 Intelligent Pressure Type Absolute Pressure Transmitter

PDS403 Intelligent Pressure Transmitter

**4 ~ 20 mA d.c. current
(superimposed HART digital
communication), or PROFIBUS-PA
communication signal. By means of
communication device**

**Time Plate Technology Co., Ltd
In Taiwan**

Pressure /Differential Transmitter

Easy to set span, range,
and Zero

Automation, Production Systems

Time Plate Technology Co., Ltd
In Taiwan

Pressure /Differential Transmitter

Wetted parts material

Commonly used materials

- Stainlesssteel(50%)
- Tantalum(20%)
- Hastelloy(20%)
- PTFE (8%)

Other special materials:

Duplex 2205
Monel
Inconel
Incoloy
Nickel
Titanium
Zirconium
Platinum
Gold plating
PFA
